Dear Patient:

This is to advise you that this ophthalmology practice is closing permanently on May 31, 2023. We will no longer be able to attend to your eye care after this date.

It is important for your continued eye care that you chose another ophthalmologist as soon as possible. In order to help you find another ophthalmologist, the following information is provided. You may wish to contact the following doctor's office:

You also have the option to chose a different ophthalmologist and/ or retina specialist, and your insurance plan may be of help to find a new doctor in your network.

Since your medical records are confidential, a copy of your medical records can be transferred by fax to another ophthalmologist or released to you only with your written permission. Please sign the enclosed medical records release authorization form (or download it from our website www.lakeshoreretina.org) and return it to the office as soon as possible via fax, regular mail, email to help@lakeshoreretina.org or bringing it to the office in person during office hours.
